Dear Woody,

I cannot thank you enough for an awesome “Table Talks” for the Innsbrook Foundation and our community of business professionals! You have so much energy, enthusiasm, and institutional knowledge about your craft! Attendees were riveted by your presentation, hanging onto your every word.

I am not alone in my opinion that you are an entertaining and captivating speaker who possesses keen insight and knowledge about marketing and branding, media production and strategy, as I have received many emails and telephone calls thanking me for bringing you to Innsbrook. It was a pleasure working with you. Thank you for all of your efforts in making this Talk a huge success. We will certainly be contacting you about other opportunities.

All the best,

Yvonne Mastromano
